

BELARUS CUP 2018
25-26 August 2018, Minsk
Bulletin 2

Dear friends!

We invite all amateurs of orienteering to participate in Belarus Cup 2018 in Logoysk Region of Belarus (60 km from Minsk).

This year we celebrate 30th anniversary of the event that is still considered to be the major driver of further orienteering development in Belarus. One of the last USSR Championships took place in 1988 near Minsk. We'd like to relive the atmosphere of that great event!

We are excited to present you the most demanding terrain in Belarus, the latest version of legendary maps of that times updated by most skillful Belarusian map-makers, challenging courses and spirit of contest and friendship.

Visiting Belarus is visa-free for up to 5 days, if you arrive and depart via Minsk National Airport. It will be enough to enjoy exciting races of Belarus Cup and to explore Belarus!

Welcome to Belarus!
